

# **Internet – Cons & Disadvantages**

EDUCAnet – Střední odborná škola Pardubice, s. r. o

# Advantages

- ▶ Over 92% modern households have internet connection.
- ▶ It's very simple and easy to use.

# All in one place!

- ▶ You can find almost every information thanks to internet.
- ▶ Work oportunities, dating, chatting with friends, playing videogames etc. ...

**But simplicity can be  
also a big disadvantage  
of internet.**

# Disadvantages

The biggest problem consists of social networks.

# Social networks

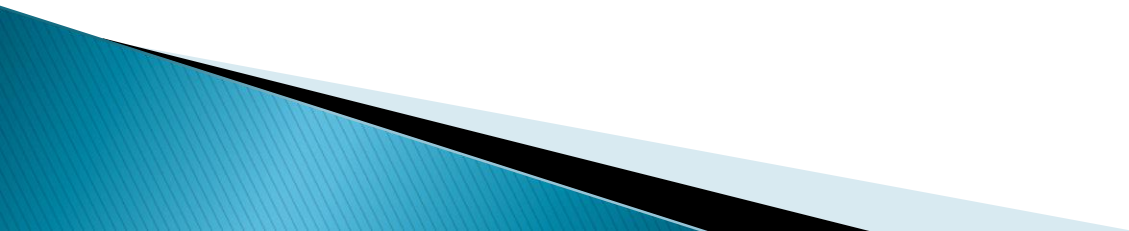

- ▶ Loosing privacy
- ▶ Access for everyone

# Cons

- ▶ Most popular **facebook**
- ▶ Easy communication, a lot of information, everything in one place

**But its not only about  
cons, there is a lot of  
complications, too.**

# Personal information

- ▶ Be careful what you share on social networks etc.
- ▶ Your personal data can be read by almost everyone

# Netholism

- ▶ Big problem of internet is addiction. So-called **Netholism**.

# What is it?

- ▶ Netholism is a psychical addiction on internet
- ▶ Its something like addiction on drugs, alcohol etc.
- ▶ You can lose your work, friends,... so easy, don't forget about it!

# What can we get from it?

- ▶ We can remember that internet is here to help us and do our life easier.

**But be careful, do not let  
internet to control you!**
