

# WEBLISH

**3B A.F.M.**

**Weblish is an English word to define a form of the language where you can omit some punctuation marks as stress, apostrophe, etc... so that it looks shorter. It can be used on the internet or in text messages between friends, just in informal situations. In other context in fact it can be considered improper and incorrect.**

**THE MOST  
USED  
WORDS  
ARE:**
