

Ageing well: be active!

A Grundtvig project – 2012-2014

CCI PA's contribution:
Ambling along our city

Once upon a time,
2 000 years ago,
a roman city located near the Rhone river.
It was called ARELATE.

Now, let's go for a stroll in its streets to discover
the main monuments built
between the Antiquity and the modern times.
You will feel the atmosphere of the town at the
end of the summer.
