The screenshot shows a Mozilla Firefox browser window displaying the website for the 'Empowering Marginalized Elders - EME' project. The browser's address bar shows the URL 'www.soziale-gerontologie.de/EME/index.html'. The website has a blue header with the EME logo and the title 'Empowering Marginalized Elders - EME'. Below the header, there are logos for the European Union and the Lifelong Learning Programme. The main content area contains text about the project's goals and a list of four basic steps to be taken. The text is in English and describes the project's aim to exchange and improve practices across European countries in order to improve the eldercare conditions for marginalized seniors. The partnership aims to improve learning on the conditions of marginalized elders in the countries involved. To achieve the goals of the partnership, four basic steps will be taken. The steps are: 1. At the 1st stage, there will be an evaluation of the situation of marginalized elders, the major obstacles that they face and the opportunities available for them. 2. At the 2nd stage, there will be a tailored course of action by each partner on a specific category of marginalized elders. 3. At the 3rd stage there will be an exchange of experiences regarding the applied actions and exchange of best practices regarding marginalized elders. 4. At the 4th stage, a best practice guide called 'Empowering Marginalized Elders' will be drafted and disseminated. The EME-project is a Sokrates Grundtvig learning partnership in the program of life long learning. Partners from five countries are working together in this partnership. The website also mentions the 'ΟΡΓΑΝΙΣΜΟΣ ΠΡΩΤΟΘΗΞΗΣ ΕΥΡΩΠΑΙΚΩΝ ΘΕΜΑΤΩΝ (Organization for promotion of European issues) (OPEI), Paphos, Cyprus (coordinator)'.
